## Turks Threaten Military Action Against Great Britain Sunday Unless Terms Are Arranged In the Meantime.

Paris, Sept. 22.—Progress was made today by the allies in the movement for peace in the near east, it was reliably reported this evening when the representatives of England, France, Italy and Jugoslavia adjourned. Premier Poincare, Lord Curzon and Count Sforza will meet again tomorrow, indicating that a satisfactory agreement is being reached. It is understood that M. Franklin-Bouillon, who is going to Asia Minor, is acting as courier, bearing a note from England and France asking the Turks not to advance pending the near east conference.

Angora, Turkey, Sept. 22.—Turkish nationalist troops will begin military action against the British on Sunday unless terms are arranged in the meantime, assuring the Turks of Constantinople and Eastern Thrace, according to a report current here today. It is entirely unofficial.

A violent political struggle has grown up here between the "moderates" and the "extremists." The "moderates" are opposed to war against the British, claiming that the Turks might lose all they have gained in their victory over the Greeks.

The "extremists" want war. They are supported by M. Arloff, representative of the Russian government. Constantinople, Sept. 22.—Unless there is an immediate peace conference at which Constantinople and Eastern Thrace are granted to Turkey the Turkish army will open an attack in an effort to force its way into Europe. Mustafa Kemal Pasha, head of the Angora government has informed General Pellé, the French high commissioner, it was learned today.

Kemal was quoted as saying: "I am unable to restrain my troops. I can hold them back only a few days longer unless there is an immediate peace conference at Mudania which will concede Constantinople and Eastern Thrace to Turkey. We are willing to enter Constantinople with only a limited number of troops so long as the allies are occupying the city."

Mudania is in Asiatic Turkey on the southern shore of the Turkish straits. General Pellé, had made representations to Kemal warning him against going to war against the British. Despite Kemal's warlike declaration General Pellé is understood to be hopeful that a conflict will be averted.

British airmen report that the Turks are concentrating troops.

# THREE TRAGEDIES OCCUR IN LEBANON WITHIN FEW HOURS

## Shoots Wife and Then Takes Own Life—Woman Suicides

Dayton, O., Sept. 22.—George Allen, 35, shot his wife as she was sleeping in bed this morning and then killed himself with the same gun. Relatives say they know of no motives.

The shooting occurred at the home of the slain woman's mother, Mrs. John Thompson at Lebanon.

The Allens formerly resided in Dayton.

Mrs. George Pflanzner turned on the gas at her home last night and was found dead on the floor this morning. She had been in ill health. Friends say she attempted suicide before.

# THOUSANDS RETURN TO WORK IN FORD FACTORIES FRIDAY

Detroit, Mich., Sept. 22.—Thousands of men went back to their work at the Highland Park, River Rouge and Dearborn plants of the Ford Motor Company today in response to Edsel Ford's notification from Ohio that the shutdown forced by coal shortage was at an end. Factory officials predicted that all plants would reach their regular production rate tonight.

Ford's order sent more than 70,000 men back to work in Detroit and its suburbs, besides returning to their occupations several thousand workers in the plants supplying Ford parts.

It was stated today that the Ford company had secured the proper varieties of coal at acceptable prices and in quantities sufficient to insure steady production.

# President's Sister Loses to Veteran.

Mrs. Heber H. Votaw, sister of President Harding, is among the first victims of the veterans' fight against the employment of married women in the Veterans' Bureau. Mrs. Votaw who has been employed there \$3,500 a year, has been transferred to the Bureau of Engraving and Printing, where she will look after the welfare of several thousand women and girls employed there. Her husband is Superintendent of Federal Prisons.

# STEPS ARE TAKEN TO AVERT ANOTHER BIG COAL STRIKE

## Soft Coal Operators to Meet Mine Workers in Cleveland.

Cleveland, Sept. 22.—Notices were in the mails today addressed to all soft coal operators in the United States summoning them to meet here Oct. 2, with officials of the United Mine Workers of America, for the purpose of taking measures to avert another strike in the coal fields next April when the agreement negotiated here last month expires.

The conference, provision for which was made at the recent gathering which ended the long strike, will name a committee of miners and operators to work out methods of preventing future trouble in the coal fields. This committee it is expected will ascertain the facts upon which a proper wage may be based, and a meeting will be held Jan. 3 to receive and act upon the report.

The call for the conference was signed by T. K. Maher, chairman of the recent joint gathering, and John L. Lewis, president of the United Mine Workers, who approved the text of the call as read to him over the telephone at his home in Springfield, Ill.

# Rev. Culp Will Face Charge Of Non-Support In Xenia

## Former Spring Valley Pastor Released in Dayton Friday Morning Is Re-Arrested and Brought To This City.

It's out again and in again today for Rev. Walter W. Culp, who ran away from Spring Valley with Esther Hughes in the ministerial flivver, which the Methodists of that community made possible for him to drive.

The affidavit on which he was arrested last Saturday in Dayton, charging unlawful removal of a mortgaged auto, was held defective today and Culp ordered released from custody.

Immediately he was re-arrested on a corrected affidavit, charging non-support and taken to Xenia to stand trial.

When apprehended in Michigan with the girl and brought back he pled guilty and was sentenced to serve a year in the Dayton work house.

After serving two months the affidavit was attacked and he was ordered released last Saturday. Then he was arrested on the auto charge.

When the church congregation made the first payment on the auto Culp assumed the unpaid balance. It was disposed of in Chicago and the mortgage never satisfied hence the charge.

In the meantime Mrs. Culp and her brood of nine have moved to Dayton and are seeking out a miserable existence in two upstairs rooms. Mrs. Culp instituted proceedings to get her husband out so he could provide the suffering ones with a home and life's necessities. Her efforts thus far have availed nothing and it looks like a hard cold winter just ahead.

Probation Officer J. E. Watts, who housed Culp for a month before he was first captured, left for Dayton at 2 o'clock Friday afternoon, to return the preacher to this city. The warrant under which Culp was arrested in Dayton was the same that Prosecuting Attorney J. Kenneth Williamson had prepared for his arrest when he was released under the abandonment charge last Saturday. Mrs. Watts left the warrant with the Dayton police with the request that they

arrest him if he should by chance be released.

Culp will be incarcerated for the second time in the County Jail here and will remain behind the bars probably until Monday, when he will be arraigned before Probate Judge J. Carl Marshall on the present charge of non-support. Judge Marshall passed the original sentence on Culp that sent him to the Dayton Work House to serve out a \$500 fine and a sentence of one year, which was interrupted when he was released last Saturday when the court held the affidavit was faulty. Authorities say the non support charge is just as serious an offense as the abandonment charge under which he was originally sentenced.

NEAL WILL CONFER WITH U. S. OFFICIALS

Columbus, Sept. 22.—State Fuel Administrator Neal expects to confer at Washington next week with federal authorities in an endeavor to have modified the interstate commerce commission's order that 60 per cent of Ohio, mined coal be shipped into northwest. Administrator Neal said West Virginia and Kentucky operators are required to ship only 12 per cent of their output into the northwest.

Suggestion that consumers buy only a ton or two of coal at a time when the price is reasonable, has been made by Neal who expects to open his offices Monday on the second floor of the Neil house.

OIL PRICE DROPS.

Findlay, O., Sept. 22.—Price of Wooster crude oil was reduced 20c a barrel here today by the Ohio Oil Company. The new price is \$1.90 per barrel.

# PRESIDENT SIGNS BILL PROVIDING FEDERAL COAL INVESTIGATION

## Inquiry Into Industry Will Be Conducted by Independent Commission to Be Named By President—Price Under Control of Administrator.

Washington, Sept. 22.—President Harding today signed the Borah-Winslow bill providing for a federal investigation of the coal industry and the Cummins-Winslow bill providing for control of coal prices during the winter by the extension of the embargo and priority powers of the Interstate Commerce Commission.

Both of these measures were urged by the president in his recent message to congress on the acute industrial situation growing out of the coal and rail strikes.

The investigation of the coal industry will be conducted by an independent commission to be named by the president. Coal distribution and price control will be directed by a federal fuel distributor.

Immediately after the president's signature was affixed to the coal bills the White House announced the appointment of Conrad E. Stens, of Chicago, vice president of the Chicago, Burlington and Quincy railroad, to serve as federal fuel distributor, succeeding Henry B. Spencer, of Washington. Stens has been granted a sixty-day furlough by the Burlington to take up the new duties. He served as chief of the transportation division

# BURGLARS LOOT SAFE IN OFFICE OF WILBERFORCE UNIVERSITY

## Three Thousand Dollars in Cash and Checks Taken From C. N. I. Department Thursday Night—Bloodhounds Being Used.

Cash and checks valued at some-where between \$2,000 and \$3,000, represented the loot of burglars who robbed the safe in the office of Superintendent W. M. Berry, head of the Combined Normal and Industrial Department of Wilberforce University sometime Thursday night or early Friday morning.

Friday afternoon a pair of bloodhounds was being used in an attempt to pick up the trail of the man or men who perpetrated the burglary, but no promising clues were left on which the authorities can work, although the sheriff's office was notified shortly after the robbery was discovered.

George Lawson, janitor of Bundy Hall, in which the office is located, discovered the robbery at 6:30 o'clock, Friday morning. The robbers are believed to have entered at the end doors of Bundy Hall, passing through the corridor until they reached the door of the office of Supt. Berry, where they broke the glass and reached through the shattered pane to unlock the door with the key on the inside.

The burglars then passed through this room into an adjoining office, used by Secretary T. C. Carter, where they opened the safe and escaped with the money which had been left there in two tin boxes, in their haste the robbers ignored two sealed envelopes which contained several hundred dollars and which were also in the safe. The money stolen represents part of the receipts from registration fees and board fees paid by students.

Because of the fact that the safe was not scarred or damaged in opening it is believed the burglary was perpetrated by some one who knew the combination. Charles Martin, Registrar and Melvin Johnson, bookkeeper, had been working in the office until 10:30 o'clock Thursday night. It is their belief that the safe was locked. The fact that the outer doors of Bundy Hall were not damaged with no apparent efforts of force being used, also leads to the possible theory that the men hid themselves in the building before it was locked. Lawson discovered a back window raised.

Officials of the C. N. I. Department, which is that branch of the University maintained by the State, declare that they deposited considerable money Thursday. The department does not usually keep that amount of money on hand, officials of the department declared afterward.

Peter Griggs, night watchman, maintained by the state told officials Friday morning that he saw no suspicious persons during the night. After Lawson had discovered that the building had been entered he notified Supt. Berry, who immediately called the Sheriff's office. The bloodhounds of Dr. A. O. Bonnell, Loveland, in charge of John Parker, kennel manager, were brought to this city by automobile as soon as possible, arriving at noon, and were immediately placed on the trail by authorities.

The bloodhounds immediately took the trail, following the scent from the open window in Bundy Hall to the laundry building, thence west over the campus across the University grounds and back. Whether the hounds will serve to put the officers on the track of the robbers is not known. Officials are advancing the theory that someone at Wilberforce who had familiarized himself with conditions is responsible for the robbery.

# GOVERNOR DAVIS AT FRENCH LICK

Cincinnati, Sept. 22.—Governor Harry L. Davis spent the night in Cincinnati after motoring here unannounced on his way to French Lick, Ind. where he will spend several days on the golf links recuperating from a severe cold with which he has been suffering. He declined to enter into any political discussion but declared himself in favor of appropriation by the state legislature of \$10,000,000 for the housing and care of the feeble minded—a subject of great interest here because of a campaign launched recently by social agencies in this city to press the construction of such an institution.

Governor Davis said that he would take up the legislation as soon as he returned to the capital. He said there was a surplus of eleven million dollars in the treasury and that this money should be diverted to the construction of homes for the feeble minded. He added that \$500,000 already was available for this work but that he considered it entirely inadequate.

# WILL NOT REDUCE PULLMAN CAR RATES

Washington, Sept. 22.—Pullman car rates will not be reduced if the interstate commerce commission adopts the tentative report submitted to it today by Chief Examiner Robert E. Quirk, holding that present rates are reasonable. Complaint that rates were too high was made to the commission by the Order of United Commercial Travelers of America and kindred organizations.

Quirk's report declared a reduction in rates unaccompanied by a corresponding reduction in operating expenses would not only unduly impair the company's operating income but would create a deficit.

# SUICIDE ATTEMPT IS UNSUCCESSFUL

Cincinnati, O., Sept. 22.—A knife, a rope and a bottle of poison were the means chosen Thursday by Mrs. Mamie Stoddard, 27, in three separate attempts which she made on her life but physicians at the city hospital where she was taken after her third failure said today that the woman would recover. She shared the contents of the poison vial with her year old son, Frank, but the doctors said he too would live. Frank Stoddard, employee of the city told the police that his wife had been in ill health for some time and that worry over her condition had driven her out of her mind.

# Curzon to France On Turkish War

# CONGRESS WILL LEAVE CAPITAL FRIDAY NIGHT

## Second Session Draws to Close With Members Impatient

## WILL MEND FENCE

## Parties Rake Opposite Views on Results of 6th Congress

Washington, D. C., Sept. 22.—Congress adjourned sine die this afternoon at 2 p. m. after final adjournment of the session was agreed upon by the senate in accordance with a similar agreement reached by the house. President Harding was expected at the capitol before that hour to sign last minute bills.

Washington, Sept. 22.—With members of both houses straining impatiently to get away from Washington and back to political fence building at home, the second session of the sixty-seventh congress drew to a close today.

By nightfall unless unexpected parliamentary obstacles arise, congress will be on its way home to inaugurate a hectic six weeks' campaign for re-election on Nov. 7. There were genuine sighs of relief today on the part of Republicans and Democrats alike over the closing of the tumultuous session which began on December 5 last.

The approaching recess, for it will amount to that, for President Harding intends calling an extra session in the middle of November will be the first real rest the 67th congress has had since President Harding came into power on March 4, 1921. Within a month after his inauguration he called a special session. Except for a ten day recess at the close of last November, congress has been steadily in session ever since.

Praised by its Republican leaders as one of the most constructive congresses in recent history, and just as fulsomely damned by the Democrats as a "do nothing congress" the 67th leaves Washington, in a state of nervous apprehension over the fate that awaits the entire membership of the house and one-third of the senate on Nov. 7.

The Republicans are going home to assure the record of this congress and assure their constituents that a great era of prosperity lies just ahead as a result of the new tariff bill. They will also stress heavily "the business administration" inaugurated by the republican administration.

The Democrats are going home to tell their constituents that the new tariff bill is to raise the cost of living in the United States some \$300,000,000 a year and they have organized a flying squadron of speakers to tear down the business arguments of the Republicans. One fact that Democrats will stress is that the republicans closed this session of congress with a deficit of \$650,000,000 staring them in the face—reported Secretary of the Treasury Mellon as one of the chief causes for the bonus veto.

The tariff of 1922 will form one of the chief, if not the chief campaign issue for the next six weeks, it was conceded today by leaders on both sides.

The ten outstanding features of the second session of the 67th congress are:

- 1.—Inauguration of the budget system.
- 2.—Agricultural credits acts, extending financial relief to farmers.
- 3.—Ratification of the treaties growing out of the Washington conference.
- 4.—Renewal of three percent immigration law.
- 5.—Passage of the Capper-Tincher anti-grain gambling bill.
- 6.—The tariff act of 1922, imposing the highest protective rates since the Payne-Aldrich bill.
- 7.—Rejection of the soldiers bonus after a veto by President Harding.
- 8.—Legislation aimed at stabilizing the coal industry.
- 9.—Creation of an American debt funding commission to collect the \$11,000,000,000 foreign indebtedness.
- 10.—The seating of Senator Truman H. Newberry of Michigan.

# COMPLAINS HUSBAND WAS PLEASED BY NEWS OF DEATH

New York, Sept. 22.—Mrs. Malcolm W. McGowan, who is suing for a separation, told the court today that her husband "turned on the victrola, sang and danced around the room when he learned that his mother in law was dead."

Furthermore, Mrs. McGowan said she found letters to her husband signed "Babe," "Mary," "Kate," "Trix," and "Kit."

The couple were married in Cleveland, and formerly lived in Philadelphia. Mrs. McGowan said her husband beat her some times.

EFFORTS ARE BLOCKED.

Washington, Sept. 22.—Efforts to secure an extension of the dye embargo were again blocked in the senate finance committee when a point of order raised by Senator Smoot, Republican of Utah, against a 30 day extension was sustained by a vote of 7 to 5.

## RENAKER'S WIDOW IS CHARGED WITH CRIME CONSPIRACY

**Grand Jury Returns Indictment Late Thursday Afternoon.**

Winchester, Ky., Sept. 22.—Mrs. Nancy C. Renaker, widow of Leon Renaker, "turkey king," who was found murdered in his bed here several months ago, was charged with conspiracy in the murder of her husband by an indictment which the grand jury returned at 4 o'clock Thursday afternoon. Three days were spent in investigating this case alone and examining the 42 witnesses who were summoned.

Scobee Hardman and J. Resse Fox were named in the joint indictment with Mrs. Renaker as the other parties to the crime. Hardman as the actual slayer and Fox as an accomplice. Mrs. Renaker is charged with "having counseled and advised" Hardman in planning the murder. It is expected that she will be arrested Friday together with Fox who has been out on \$5,000 bond since he was bound to the grand jury several weeks ago as an accomplice of Hardman who was held without bond.

## GOVERNOR DAVIS AT FRENCH LICK

Cincinnati, Sept. 22.—Governor Harry L. Davis spent the night in Cincinnati after motoring here unannounced on his way to French Lick, Ind., where he will spend several days on the golf links recuperating from a severe cold with which he has been suffering. He declined to enter into any political discussion but declared himself in favor of appropriation by the state legislature of \$10,000,000 for the housing and care of the feeble minded—a subject of great interest here because of a campaign launched recently by social agencies in this city to press the construction of such an institution.

Governor Davis said that he would take up the legislation as soon as he returned to the capital. He said there was a surplus of eleven million dollars in the treasury and that this money should be diverted to the construction of homes for the feeble minded. He added that \$650,000 already was available for this work but that he considered it entirely inadequate.

## COMPLAINS HUSBAND WAS PLEASED BY NEWS OF DEATH

New York, Sept. 22.—Mrs. Malcolm W. McGowan, who is suing for a separation told the court today that her husband "turned on the victrola, sang and danced around the room when he learned that his mother in law was dead."

Furthermore, Mrs. McGowan said she found letters "to her husband signed "Babe," "Mary," "Kate," "Trix," and "Kit."

The couple were married in Cleveland, and formerly lived in Philadelphia. Mrs. McGowan said her husband beat her some times.

**EFFORTS ARE BLOCKED.**  
Washington, Sept. 22.—Efforts to secure an extension of the dye embargo were again blocked in the senate finance committee when a point of order raised by Senator Smoot, Republican of Utah, against a 30 day extension was sustained by a vote of 7 to 5.

## PRICE REARRESTED ON CHARGE LATE THURSDAY IN DAYTON

Dayton, Sept. 22.—John C. Price, 106 Baker Street, Dayton, arrested several months ago in connection with the transportation of grain alcohol from a Kentucky warehouse, was rearrested Thursday night charged with attempting to ship 91-gallons of domestic Scotch whiskey to California.

Price pleaded not guilty before U. S. Commissioner Carl Lenz and was placed under \$7,500 bond, which he did not furnish, for preliminary hearing October 10. This is the third violation of liquor laws charged to Price. His arrest followed the confiscation of \$5,000 worth of whiskey, taken from the freight houses of the Pennsylvania and Big Four railroads in two shipments, labelled "Beans" and "Hardware."

The bills of lading indicated they were shipped from the Ohio Hardware Company to T. E. Ahern, Pasadena, Calif., with instructions to notify Ahern, at R. F. D. No. 4, Box 62, Los Angeles, Cal., on arrival. Price was arrested after he had transported the two shipments to the freight depots. He told authorities that he had no knowledge of the whiskey, but that a man had asked him to convey the shipments from the Ohio Electric station to the freight depots.

"If I hauled pig iron to the depot, I suppose it would turn out to be whisky," Price said.

Two-piece suits in the most important collection in Paris are chiefly developed in soft chevrons and velours de laine, in various shades of beige, brown and gray. The sleeves are the principal note of interest in many of the models, many of them being cut rather wide at the wrist. However, they are so made as to but-

toned up more tightly or sewn at the wrist with just enough of an opening left to admit the arm, thus providing ample protection against cold.

For trimmings are used a great deal on all types of suits and everywhere coats are to be seen in greatly varying lengths, belted or unbelted with the waistline approaching nearer normal than last year.

### REBEKAHS CELEBRATE NATIONAL ANNIVERSARY

In celebration of the seventy-first anniversary of the founding of the national organization of the Rebekah Lodge, eighty members of the Phoenix Rebekah Lodge, enjoyed a program at the lodge hall Thursday night.

The program of the evening opened with the singing of "America" by the audience, followed by prayer by the Rev. W. H. Tilford. The Pillsbury orchestra furnished a good program of music during the evening. Miss Helen Hickman sang a solo followed by a song by Master Francis Dunlap "When Tommy Went to School."

The history of the national organization throughout the seventy-one years, and the progress made by the organization was given in an interesting address by the Rev. Mr. Tilford, who touched upon the local lodge, urging support of the widows and children's home at Springfield. According to the figures given in the Rev. Mr. Tilford's address, 925, 840 members belong to the national organization, while 61,274 members are included in the Ohio organization. The fiscal year of 1921 closed with 4,867 members.

### ENTERTAINS THIMBLE CLUB THURSDAY AFTERNOON

Mrs. Orville Bridgman assisted by Mrs. George Luttrell and Mrs. H. L. Karch, was a gracious hostess to the members of the Thimble club of Obadiah Council No. 160 Daughters of America at her home on North West Street, Thursday afternoon.

The fifteen women attending the affair spent the afternoon with their needlework and enjoyed a delicious luncheon.

### ENTERTAIN AT DINNER PARTY

Mr. and Mrs. Oscar L. Smith of Cedarville, entertained at a prettily appointed six o'clock dinner at their home, Tuesday evening, honoring Miss Esther Smith, a missionary of Central America.

Covers were laid for Miss Smith, Rev. Mrs. Dinwiddie of Washington, D. C., Mr. and Mrs. Howard Smith of Selma, and Mr. Will Smith and two daughters.

### SUNDAY SCHOOL TO HOLD WEINER ROAST

The members of the Sunday School of the Presbyterian Church will hold a weiner roast in the Hawkins Grove on the Fairground Road Friday evening. A lunch and frolic about a big bonfire is the plan for the event. The party will leave the church at seven o'clock.

Mr. and Mrs. Thearl White left Friday morning for Wheeling, W. Va. where they will visit with Mr. and Mrs. W. N. Martin and with Mrs. White's aunt, Mrs. Sarah Mattoon.

Miss Elizabeth Galloway, daughter of Dr. and Mrs. W. A. Galloway is leaving Saturday morning for Goucher College at Baltimore, Md., where she will enter her sophomore year.

Eleanor, little daughter of Mr. and Mrs. Roy Buckles fell down a flight of steps, Wednesday at her home on Roger street and sprained her ankle.

Miss Louise B. Shaffer, secretary of the Red Cross, was in Bowersville, Wednesday, where the Ross Store Company donated the use of a window over the week end for a display of charts showing the work done by the Red Cross during the past year.

### WATER IN URBANA'S FAMOUS WELL MAY NOT BE PURE

Urbana, Sept. 22.—Is the water from Urbana's famous flowing well impure?

Many users of the water claim that they have recently found a strange flaky substance in the water. The water has been examined by city health authorities who say they found no evidences of impurity, but to be certain, samples were taken Wednesday and forwarded to the state department of health for expert analysis.

The water flows constantly from a six-inch pipe sunk to a depth of hundreds of feet nearly twenty-five years ago when local prospectors were seeking for gas wells.

Because of the heavy percentage of iron and sulphur contained in the water it has been eagerly sought after by local people for many years who drink it for medicinal purposes. Hundreds of people are said to carry water from the well every week.

### MAY LOCATE METER PLANT AT WILMINGTON SOON

Wilmington, Sept. 22.—Efforts will be made to locate a meter-reading machine plant in Wilmington.

J. F. Arnold, mechanical engineer of Dayton representing the Printing Index Company, of the Gem City, is in Wilmington presenting the proposition to the Commercial Club and to investors.

Mr. Arnold intends to place the proposition before the Commercial Club in a formal manner. Washington C. H. and Piqua are the other two cities being considered for the factory site the company preferring to locate in a small town rather than to start its plant in Dayton.

### SCORE INJURED IN BRAWL

Knoxville, Tenn., Sept. 22.—Twenty-two men are suffering today from injuries received in an extended brawl at the Coster shops of the Southern railway here between returning union shopmen and those who remained at their post during the strike. At least ten of them are seriously injured.

Mr. and Mrs. Frank Cline and family, of Orlando, Florida, who have been visiting at the home of Mrs. Cline's brother, Joshua Brown, on the Cincinnati pike, for the past five weeks, were called to their home on business, and left by motor Friday morning.

Miss Mabel Davis, of near Lumberton, has entered Wilmington College where she is taking a normal course.

### APPEAL FOR HOMES FOR CHILDREN HEARD

The request of the Social Service League of this city for homes for the seven children, left homeless last week by the death of their father, William Harbison, has been heard in vicinities lying outside of Greene County, evidenced by replies received at League headquarters from Springfield and St. Paris, from families who wish to take one of the children.

Numerous calls have been received at the League headquarters from families in Xenia City and Greene County, and have been referred to the Juvenile Court, since this court has the jurisdiction over the placing of the children in suitable homes. All interested in the case may call the Social Service League for details.

### LETTERS INTRODUCED BY SCREEN ACTOR

Los Angeles, Cal., Sept. 22.—A stack of letters and telegrams in which the honor of a young girl are subtly measured in dollars and cents while the spectre of a disastrous damage suit looks on were revealed today by Herbert Rawlinson in an effort to substantiate his counter claim of a blackmail plot in answering charge, of Dorothy Clark that he attacked her.

The letters and telegrams alleged to have been written by the 17-year-old dancer and her mother, Mrs. Ethel Clark, were made public through Rawlinson's attorney, J. F. Clark, who exhibited the mass of correspondence to Deputy District Attorney Wm. Joos. It was to Joos that the mother and her daughter complained of an alleged attack on the girl by the film star on August 23. While the screen star was making public the nature of the correspondence he says the women wrote him over a period of years prior to the filing of their damage suit against him for \$200,000, the girl is said to have appealed to Will Hays, director general of the picture industry to discipline Rawlinson.

## CENTRAL HI REVIEW MAKES ITS FIRST BOW OF THE YEAR

The Central Hi Review, official publication of Central High School, made its first appearance of the school year, with its initial number Friday.

The four page school organ is brighter and more sprightly than ever, chuck full of news that "broke" with the opening of the school year and full of promise for the things the year will bring forth.

A cut of the freshman class is printed with the welcome to the incoming high school members on the first page, and there is much about the new football mentors, Coach Earl Burgner and the football team. Robert Ballentyne, is editor of the bi-weekly school organ this year, and the rest of the staff follows: Miss Lucile Denham, associate editor; Misses Helen Evans, Mary McFadden, Pauline Ashworth, Louise Negus, and Harriet Kelley and Glenn McFadden and Kenneth Maxwell, general reporters; Roger Lynne, literary editor; Miss Josephine Wolf, society editor; Carleton Anderson and Arthur Hyman, athletic editors; Miss Fannie K. Haynes, of the faculty, alumni editor; Cleaphos Wood and Archer Maxwell, art editors; Ernest Randall, advertising manager; William Miller, circulation manager; Miss Marie Weller and I. Sandusky, both of the faculty, literary and business adviser respectively.

A cabinet meeting and round table discussion of all officers of the Parent Teachers' and Mothers' Circles, composing the Federated Parent-Teachers' Association, will be held Friday evening at seven o'clock, at the Chamber of Commerce.

Officers of the organizations of Spring Hill, Orient Hill, Central and McKinley Schools will be present at the meeting, and it is asked that all holding office attend the session.

Plans for the year's work will be discussed at the gathering, and laid for the first mass meeting which will be held some time next week. Delegates to the annual convention of the Ohio Branch of the Parent-Teachers' Associations, at Columbus next month will be appointed.

A recent copy of the Ohio Educational Monthly contains an interesting article with reference to the Beaver Creek High School west of this city.

The article was inspired by a visit paid to the school last spring by Hon. F. B. Pearson, formerly State Superintendent of Public Instruction. Mr. Pearson said in part:

"No city school could possibly show a finer group of young people and no city community could show a deeper interest in education. Here is where centralization bogsoms and brings forth abundantly. Principal F. P. Sayrs has Miss Letitia Dillencourt and Miss Mary Wilgus to assist him and they are artist teachers. County Superintendent H. C. Aultman and Assistant Superintendent Lynn have full warrant for their pride in this school."

The children received medical attention, including dressings, weighing, advice on proper feeding and care, and examination of eyes. Three of the babies have gained in weight since the last clinic last week, with the result that Mrs. Kelly and Dr. Messenger are enthusiastic over the success of the medical meetings.

Eight children, five babies and three older children were given medical attention at the second Kiwanis clinic held at the Social Service League Thursday afternoon, by Mrs. Margaret Kelly, Social Service League, public health nurse, and Dr. H. C. Messenger.

## RED CROSS BACKS CLINIC DIRECTED TOWARD CHILDREN

The first tonsillectomy clinic ever held in Greene County, was staged by the Greene County Chapter of the Red Cross in October, at the American Legion headquarters, which have been donated to this purpose, by local and county physicians who have donated their time and services, it was announced Friday, following a meeting of the Executive Committee of the Red Cross.

Of the 1301 school children of the county inspected last year by the Red Cross nurse 413 had nasal obstructions, 633 had enlarged tonsils as shown by the report of Miss Helen Evers. Of the 319 children inspected in Xenia schools 134 had nasal obstructions and 186 enlarged tonsils.

Although a card was sent to the parents of these children showing the defects found and the nurse personally visited many of the homes, a number of children who were badly in need of medical attention were unable to have it.

The nurse will be glad to have cases referred to her by any doctor in the country.

### REBEKAHS CELEBRATE NATIONAL ANNIVERSARY

In celebration of the seventy-first anniversary of the founding of the national organization of the Rebekah Lodge, eighty members of Phoenix Rebekah Lodge, enjoyed a program at the lodge hall Thursday night.

The program of the evening opened with the singing of "America" by the audience, followed by prayer by the Rev. W. H. Tilford. The Pillsbury orchestra furnished a good program of music during the evening. Miss Helen Hickman sang a solo followed by a song by Master Francis Dunlap "When Tommy Went to School."

The history of the national organization throughout the seventy-one years, and the progress made by the organization was given in an interesting address by the Rev. Mr. Tilford, who touched upon the local lodge, urging support of the widow's and children's home at Springfield. According to the figures given in the Rev. Mr. Tilford's address, 925, 840 members belong to the national organization, while 61,274 members are included in the Ohio organization. The fiscal year of 1921 closed with 4,867 members.

### WATER IN URBANA'S FAMOUS WELL MAY NOT BE PURE

Urbana, Sept. 22.—Is the water from Urbana's famous flowing wells impure?

Many users of the water claim that they have recently found a strange flaky substance in the water. The water has been examined by city health authorities who say they found no evidences of impurity, but to be certain, samples were taken Wednesday and forwarded to the state department of health for expert analysis.

The water flows constantly from a six-inch pipe sunk to a depth of hundreds of feet nearly twenty-five years ago when local prospectors were seeking for gas wells.

Because of the heavy percentage of iron and sulphur contained in the water it has been eagerly sought after by local people for many years who drink it for medicinal purposes. Hundreds of people are said to carry water from the well every week.

### LETTERS INTRODUCED BY SCREEN ACTOR

Los Angeles, Cal., Sept. 22.—A stack of letters and telegrams in which the honor of a young girl are subtly measured in dollars and cents while the spectre of a disastrous damage suit looks on were revealed today by Herbert Rawlinson in an effort to substantiate his counter claim of a blackmail plot in answering charge, of Dorothy Clark that he attacked her.

The letters and telegrams alleged to have been written by the 17-year-old dancer and her mother, Mrs. Ethel Clark, were made public through Rawlinson's attorney, J. F. Clark, who exhibited the mass of correspondence to Deputy District Attorney Wm. Joos. It was to Joos that the mother and her daughter complained of an alleged attack on the girl by the film star on August 23. While the screen star was making public the nature of the correspondence he says the women wrote him over a period of years prior to the filing of their damage suit against him for \$200,000, the girl is said to have appealed to Will Hays, director general of the picture industry to discipline Rawlinson.

"STAGE SET FOR A CONSTRUCTION PERIOD IN BUSINESS."

By Mr. John Moody.—"It seems that someone recently quoted to the Editor of The American Magazine a remark which I was said to have made. The statement attributed to me was this: "In all the thirty years, which I have spent in Wall Street, I never have seen the stage so completely set for a constructive period in business as now."

Immediately the Editor of this magazine fired a volley of questions at me.

"Did you make that statement?" he demanded. "If so, what are the conditions which cause you to say that 'the stage is set'?"

Briefly, the chief "settings of the stage" are these: We have gone through a period of speculation, inflation, and inefficiency. And we have gone through the period of liquidation which inevitably followed. Those two periods are behind us—but not so far behind that we have forgotten the hard lessons they taught us. . . . Our banking system is sound, and the value of our currency is unimpaired. . . . We now are a creditor nation.

Before the war, England swung the world financially. It was the great creditor nation, with billions of dollars invested in other countries, which poured an enormous flood of interest into its coffers every year.

We contributed a large share of this tribute. We sent millions of dollars annually to other countries—to Holland, for instance—as interest payments on capital which these countries had invested in our enterprises. During the war, we changed all We own them ourselves now; and we no longer send immense sums out of the country to pay interest and dividends.

At present, we are the lenders and we receive the tribute. I estimate that we have invested about \$2,500,000,000 in Europe since the close of the war. This means that we not only receive from \$150,000,000 to \$200,000,000 from Europe every year, but that we have a great advantage in credit. We also have built up a favorable balance of trade which amounts to several billions of dollars. All of this is in our favor.

Our internal finances are absolutely sound. This is almost the only country in the world whose currency is quoted at par. We have had a good many commercial failures during the past two years. But we have come through a great crisis without a single important bank failure. Some of the small banks in the agricultural districts have failed; but not one of the large banks of the country has gone down.

I could go into minor details in explaining why I say that the stage is set for a constructive period, but the factors I have named are the important ones."

HARDING'S SERENITY A CONTRAST WITH OTHER PEEVISH FIGURES.

By Edward G. Lowry.—"The largest single circumstance in President Harding's favor in the two coming testing years of his Administration will be the flavor and quality of his personal character. To take a critical, detached attitude toward Mr. Harding one must keep away from him. Persons who come in contact with him like him and want to help him. Senator Underwood has the same quality. It has been a saying in Alabama for years that no one ever knew Oscar Underwood without wanting to do him a favor. This personal appeal which President Harding makes without any effort is the greatest asset of a politician.

Here at Washington a great number of people have come to know the President for exactly what he is. They know his little weaknesses, foibles and idiosyncrasies. They view him without illusions, and so far as one can discern, with few exceptions, they all want to help him over the rough places. Mr. Harding has within himself a sustaining quality that is not easy to isolate and define; but it is there. It is clearly visible now when one compares the port, demeanor and attitude of the Executive with the frazzled, tired, peevish, irritable, complaining state of mind of the greater part of official Washington at the end of the long, hot, trying summer."

NEWBERRYISM DEAD AS A POLITICAL ISSUE.

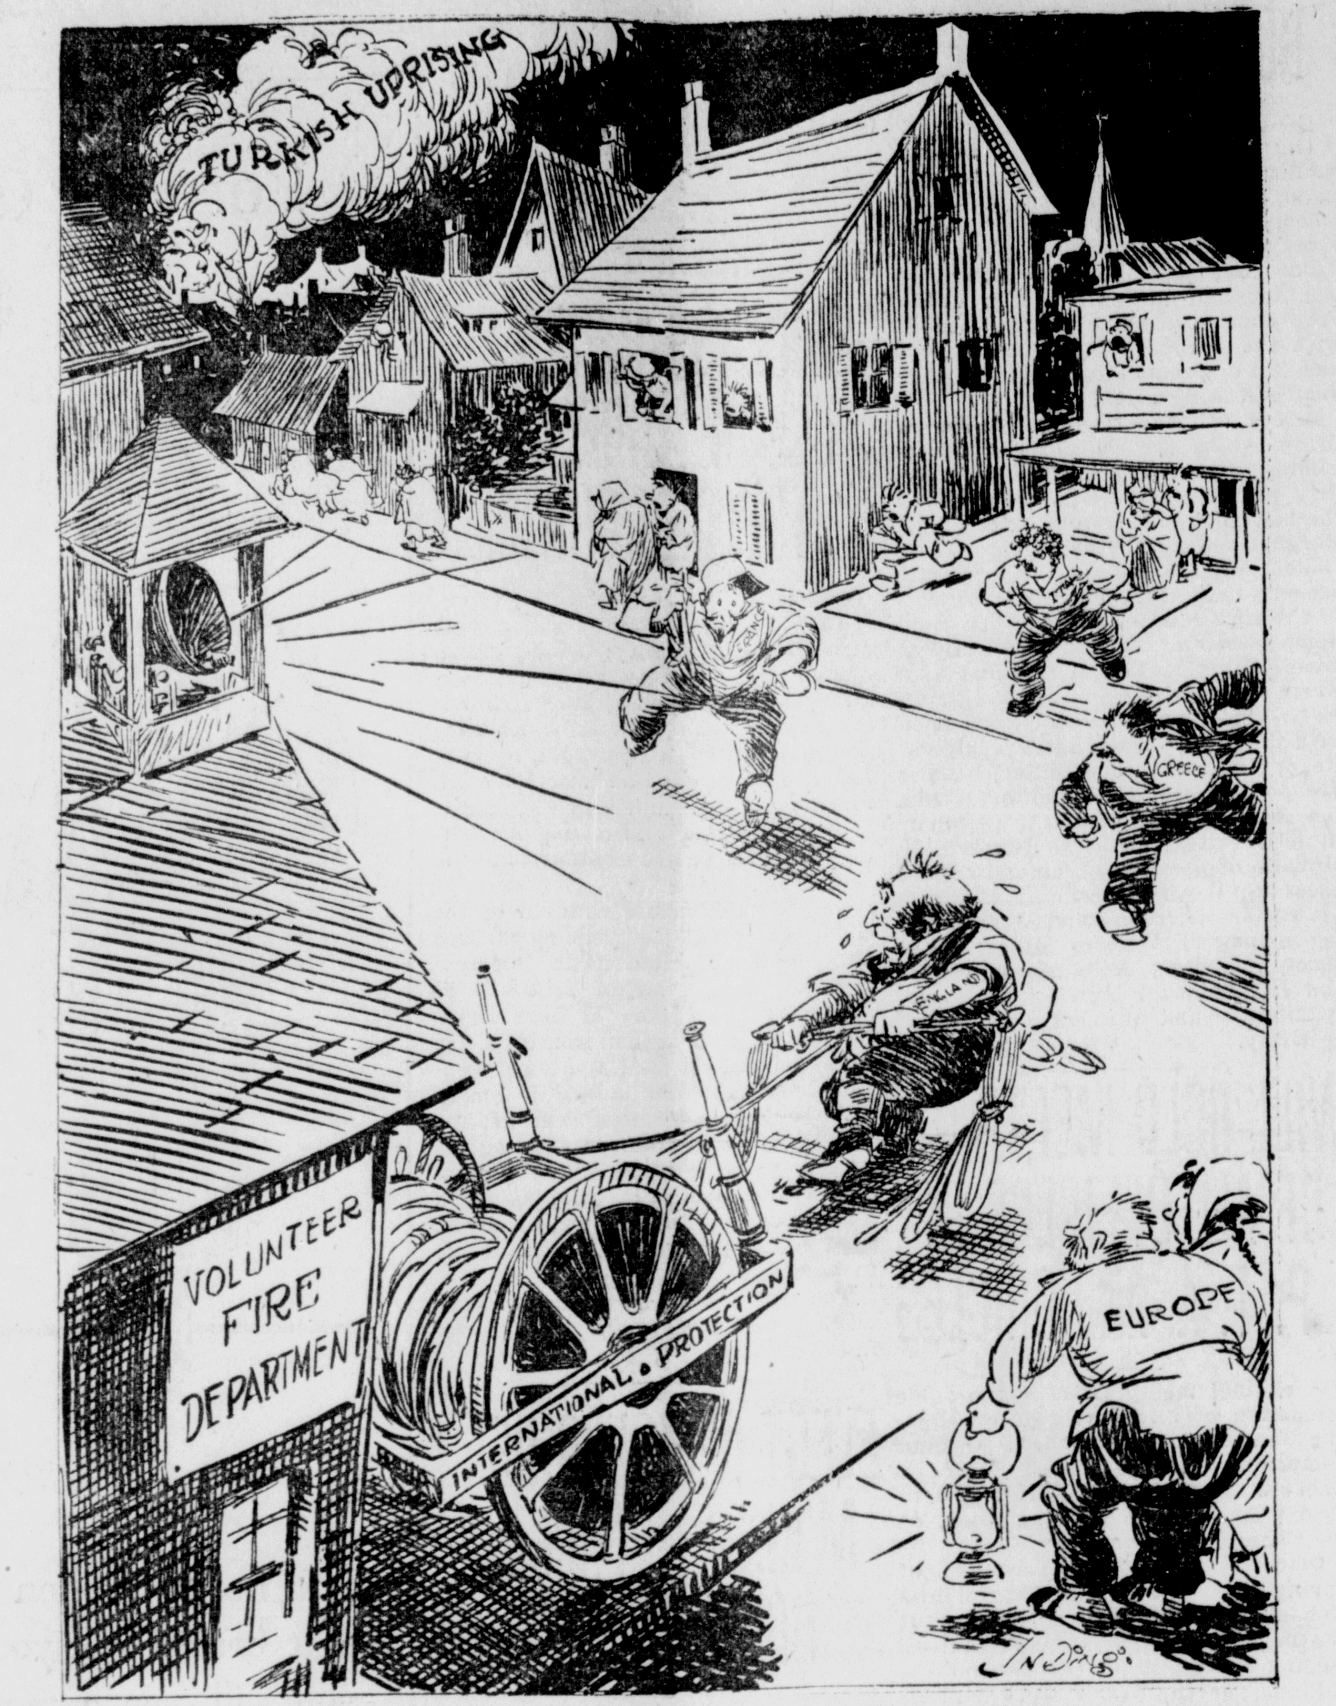

If, as an active army of propagandists has charged, Michigan voters were "bought" by Newberry, it is evident they have stayed "bought." The three opponents of Townsend united in assailing him for defending Newberry when his colleague was under a smothering barrage laid down by Democrats of the Senate, ably assisted by a few Republicans. Townsend neither quit nor faltered. He stood up against all three, contending no money had been spent illegally in Newberry's election, and he swapped blow for blow against the field.

"Newberryism" played a minor part in a dozen other State primaries; but Michigan got down to business and fought it out to a verdict. That verdict is in, and it files no appeal against the stand of the United States Supreme Court or the action of the United States Senate.

The autumnal swing in politics trends toward the "stalwarts" and "regulars" and, with the expected exception of Wisconsin, shows little sign of the "uprising" that chilled "Old Guard" spines in Indiana, Iowa and Nebraska. The mood of Maine in Monday's election continued on Tuesday in the primaries of Massachusetts and Michigan. Maine's election was a normal "off-year" affair. Massachusetts has put down the rebellion against the "Lodge tradition" by about three votes to one. In Michigan the Republicans have renominated Charles Elroy Townsend, and thereby put the stamp of their reapproval on the nomination and election of Truman Handy Newberry in 1918. In so doing they have dug the grave of one of Democracy's most hopeful "off-year" issues.

Michigan has had four years to think it over. Michigan has heard the evidence for and against, has listened to court decisions and studied the Senate's own weary reports and discussions. Michigan has made up its mind not to change its mind. The Townsend majority may be regarded as a Newberry majority.

Consternation was created in the kitchen of the Florence Hotel at an early hour this morning when the pipes of the big steel range used for cooking, let go with a heavy boom and the steam and hot water came pouring out in a manner which caused great excitement in the vicinity for a few minutes. An employee of the hotel was burned about the face and arms.

A remarkable fast run was made on the S and X. traction a few days ago on the last trip at night from Springfield to this city. The motorman cut loose on the run and the distance of 19.6 miles was covered in thirty four minutes and included eight stops.

The paper mill at Cedarville has been closed down owing to the scarcity of water. Several wells which have been sunk, furnish a part of the water supply for the mill, but are not sufficient without being reinforced by water from the creek which has gone dry. This has also had effect of causing the Stewart crimp paper factory to suspend operation.

FACIAL MASSAGE NO. 1.

Frowning wrinkles may be eliminated, but the habit of frowning must first be broken. Granted that you have formed this bad habit and have discovered how many years it has added to your countenance, you will then be more concerned about the habit than the lines—for the lines have already decided against it, it will only need a reminder each time you forget. An effective reminder in such cases is a piece of cellophane which is spread over the skin after the lines have been smoothed out. This is a relentless little master for every time you forget and begin to pucker up the brow, it will tug away at the skin in proportion to your offence. If you are in earnest, you will be grateful for the tug and a few days should cure you.

Having rid yourself of the cause for the lines, the next thing is to correct damages. First apply hot water towels to the brow to cleanse and soften the skin and thus prepare it for the coming massage. After the pores have been opened well begin by applying a small quantity of pure almond or olive oil or a nourishing cream that is made from vegetable oils. Then proceed to massage the forehead and temples moving the hands always from the center

may be smoothed out and the tissues under them built up again, but if you continue to form these lines the building up will do very little toward eradicating them.

So we will begin to correct, the habit first. Like all other habits, it is an unconscious act and if you

In forehead massage, first make the straight movement and then follow up with a series of spiral movements. After finishing the forehead give the temples a little special circular massage with the spiral movements. IN MOURNING.

My Aunt Ophelia bumped the bumps and left this world of care; since then I've had the doleful dumps, all kinds of bleak despair. My life seems desolate and flat since Aunt Ophelia died; a band of crape is on my hat, some seven inches wide; and on my lapel and my sleeve are other sable bands, and everywhere I go I grieve and sigh and wring my hands. My letter paper's edged with black, that no one may forget; and on the front door of my shack there is a dark rosette. But yesterday the parson said, "In grief you run amuck; I know your Aunt Ophelia's dead, and that is beastly luck; I know she was a good old dame, I understand your woe; but she would have you play the game, if she were here, I know. If she could come from t'other land, a vague but kindly shape, she'd ask that all your tears be canned, and likewise all the crape. Some little mourning she'd accept, as tribute safe and sane, but if she knew how long you've wept, I know she'd have a pain. She was a bright and blithe old maid, and laughter filled her home; she wouldn't like the crape displayed upon your arm and dome. Your aunt is on the golden shore, she's happy as a bird; no doubt she thinks you are a bore, and all your gloom absurd."

Breathing, Sleeping and Eating

The most marvelous machine in this world is yours—your own body! And yet the chances are that you appreciate it the least and know less about it than anything you own.

So long as nothing serious goes wrong, the body seems to be left to itself to shift its way the best it can. It is given only half enough real air, its food is carelessly selected and as carelessly eaten—and it is given rest only as a last resort.

No wonder so many useful men and women fall before the battle is half over!

J. Arthur Thompson, in his wonderful "Outline of Science," says that the ordinary desk worker uses only about one-tenth of his lung power and wonders how you could expect anything but an anaemic body from such treatment.

Red blood comes from oxygen. In a deep breath, says this same authority, you breathe a whole gallon of air whereas the ordinary person takes but two quarts.

Get plenty of fresh air, both day and night—then watch the "roses" come back to your cheeks, elasticity to your steps and the tingling of health to your entire body. And when you take your brisk walk, remember that every step brings into play 54 separate muscles and that 500 muscles are given a hearty shaking up as you walk merrily along.

Now as to sleeping. Professor Thomson says that the first hour is the "beauty sleep"—that during that time the brain life is entirely suspended and the blood is busy feeding the tired muscles of the body. After that comes a subconscious existence and later the dreams until the body is aroused from its adventure, and told that another day has arrived.

Here is some good advice: Breathe deeply, sleep much—mostly early in the night—and eat slowly and thoroughly.

And I miss my guess if you are not "healthy, wealthy, and wise!"

## GET YOUR JAW ALTERED AND BE LEADER OF MEN

Chicago, Sept. 21.—Do you feel yourself to be a leader of men but never seem to get an opportunity to show that you can lead?

Go to a dentist, have him change your jaw, and you'll be given the opportunity in the latest scientific "dope," on the authority of Dr. Geo. N. West, of the public health service committee of the Chicago Dental Society.

Too many men have gone through life as failures, in the opinion of Dr. West, because of a misformed jaw, a crooked mouth or protruding teeth.

Many a brilliant man or woman, in the doctor's opinion, because of the misfortune of a slack jaw has failed to gain the confidence of friends, employers or associates.

"On the other hand, how about the fellow with the bulldog jaw?" said Dr. West. See his crooked canine? Would you hire him as a bank clerk? You would not, and yet he may be as honest as the day is long. It's his jaw.

"And this fellow here—he whom you call chinless and therefore believed to be brainless. He may have more brains than some others, but his protruding teeth give him the vapid appearance."

"The world judges one by his looks, and if his teeth make his looks sneering, savage or foolish, it classifies him that way and he will have a difficult battle in getting out of that classification."

**GUARD CHILDREN'S MOUTHS**  
"If, especially, children's teeth and jaws were cared for while they were still young, the coming generation would be freed of many of the handicaps that are holding down many a good man and woman today."

"You see a man whose lips are twisted in an ugly snarl and who when he smiles at you really only snarls the more. You would not want him as a friend, and yet he may be the most pleasant person in the world, and the snarl may be only a facial disfigurement caused by the failure of his upper and lower molars to cooperate."

The modern dentist, said Dr. West can remedy a great many defects in the appearance of the jaw.

## KATHERMAN ACCEPTS JOB AT WESLEYAN

Jerry L. Katherman, former coach of athletics at Central High School, has accepted the position of line coach at Ohio Wesleyan University according to a telegram received by a friend here, Friday morning.

Coach Katherman is a graduate of Ohio Northern University, Ada, where he won his football letter at the tackle position, and played under Coaches "Bugs" Raymond and "Shifty" Bolen, both Ohio State graduates and disciples of the Wilce school of football technique. Last year was his first coaching year, and he gained unqualified success as mentor of the blue and white eleven, which he developed into the first championship and undefeated team ever representing the school, winning the Miami University cup in this section of the state.

Coach Katherman made many friends during his stay in this city, who will watch with interest the progress of the Methodist gridders in the Ohio Conference this fall, and who accept the appointment of the former Xenian to the Conference position as an unusual tribute to his ability.

## TUESDAY WILL SEE OPENING OF COOKING SCHOOL AT THE M'KINLEY AUDITORIUM

"Short cuts in cooking and step savers in the kitchen."

These secrets of efficiency in the culinary art will be absorbed by Xenia housewives who attend the cooking school to be conducted under the auspices of The Gazette and The Republican in the McKinley School auditorium four days next week, beginning Tuesday.

Whispered secrets of how to trail the elusive mince pie to its lair, to obtain the mastery of difficult raisin fritters, to trap and serve the potato chocolate cake and to whip the minute mayonnaise to a standstill, will be imparted to seekers after domestic knowledge by a corps of trained artists in domestic science.

Such delightful, pleasing and palatable concoctions as "snow salad," "French Dainties," "Tartar Sauce," "Critic Salad" and other tempting and toothsome dishes, will be rendered tame and harmless, while the mysteries of their preparation will be imparted in a much simplified manner for the direct benefit of Xenia and Greene County housewives and the indirect advantage of the members of their household or guests who sit at their board.

The cooking school authorities who will do the actual work of staging the culinary educational week are M. S. Leslie, manager and lecturer Dr. R. B. Shives, culinary lecturer and food expert and Miss Rose L. Wellenman, lecturer and demonstrator. During the cooking school here this corps of teachers will be augmented by the addition of Miss Grace D. Griswold, of The Everyday Products Co., Lima, who will be here all during the local school and who will talk every day on "Women's Rights" and the use of non-alcoholic extracts in place of alcoholic extracts for cooking. Temperance organizations have endorsed her products.

Merchants will have booths in the corridors and lobby of the school building where various food products will be demonstrated, the equipment to be put in place Monday. The stage of the auditorium will be set to resemble a modern kitchen, with complete utensils, ranges and other furnishings.

The cooking school has been tried and found successful in many Ohio cities including Columbus, where 21,000 women visited the school, Sandusky, Athens and other places. So successful was the school in Columbus that it will be given there again, and the Athens Messenger, the newspaper that brought the school to Athens, is also having it staged at Nelsonville soon. The school will also be conducted in Toledo, Cleveland, Cincinnati, Dayton, Hamilton and Springfield.

Hiding a  
rash won't heal it

Attempts to conceal complexion blemishes usually fail, and only serve to draw attention to the defects. Underneath most unattractive skins is a clear, pleasing complexion—all that is needed is the proper treatment! It is surprising how often a brief use of Resinol Ointment and Resinol Soap will clear away blotches, redness and roughness and give the skin its natural freshness and charm.

Ask your druggist for Resinol.

"Why lands sake El-mer, whats wrong with you, you're always saying to put on more, till some times I wonder how you can keep it on the bread."

"Well Mom, ever since you been getting' that NEW bread, it don't make so much difference 'bout what's on it. Mom, is that just REGULAR bread, or is it some kinda new bread 'r cake 'r somethin'."

"Why no El-mer, that's just regular bread, only its baked different from the rest, they do something to it that the others don't that makes you like it so, your Papa likes it too son, and if I do say it, its pretty near like the kind I make when I bake."

## GET YOUR JAW ALTERED AND BE LEADER OF MEN

Chicago, Sept. 21.—Do you feel yourself to be a leader of men but never seem to get an opportunity to show that you can lead?

Go to a dentist, have him change your jaw, and you'll be given the opportunity is the latest scientific "dope," on the authority of Dr. Geo. N. West, of the public health service committee of the Chicago Dental Society.

Too many men have gone through life as failures, in the opinion of Dr. West, because of a misformed jaw, a crooked mouth or protruding teeth.

Many a brilliant man or woman, in the doctor's opinion, because of the misfortune of a slack jaw has failed to gain the confidence of friends, employers or associates.

"On the other hand, how about the fellow with the bulldog jaw?" said Dr. West. See his crooked canines? Would you hire him as a bank clerk? You would not, and yet he may be as honest as the day is long. It's his jaw.

"And this fellow here—he whom you call chinless and therefore believed to be brainless. He may have more brains than some others, but his protruding teeth give him the vapid appearance.

The world judges one by his looks, and if his teeth make his looks sneering, savage or foolish, it classifies him that way and he will have a difficult battle in getting out of that classification.

### GUARD CHILDREN'S MOUTHS

"If, especially, children's teeth and jaws were cared for while they were still young, the coming generation would be freed of many of the handicaps that are holding down many a good man and woman today.

"You see a man whose lips are twisted in an ugly snarl and who when he smiles at you really only snarls the more. You would not want him as a friend, and yet he may be the most pleasant person in the world, and the snarl may be only a facial disfigurement caused by the failure of his upper and lower molars to cooperate."

The modern dentist, said Dr. West can remedy a great many defects in the appearance of the jaw.

## KATHERMAN ACCEPTS JOB AT WESLEYAN

Jerry L. Katherman, former coach of athletics at Central High School, has accepted the position of line coach at Ohio Wesleyan University according to a telegram received by a friend here, Friday morning.

Coach Katherman is a graduate of Ohio Northern University, Ada, where he won his football letter at the tackle position, and played under Coaches "Bugs" Raymond and "Shifty" Bolen, both Ohio State graduates and disciples of the Wilce school of football technique. Last year was his first coaching year, and he gained unqualified success as mentor of the blue and white eleven, which he developed into the first championship and undefeated team ever representing the school, winning the Miami University cup in this section of the state.

Coach Katherman made many friends during his stay in this city, who will watch with interest the progress of the Methodist gridders in the Ohio Conference this fall, and who accept the appointment of the former Xenian to the Conference position as an unusual tribute to his ability.

## STATE PRESIDENT OF PROFESSIONAL CLUB GIVES TALK HERE

Members of the Xenia Business and Professional Women's Club, had the pleasure of meeting Miss Marian B. Brogan, of Cincinnati, state president of the Business and Professional Women's Club, at the first formal meeting of the club held this year, at Trinity M. E. Church, Thursday evening.

The program of the evening included a talk by Miss Brogan, who was well received by the club members, who wished to learn of the work of the clubs throughout the state.

The club members were invited for dinner at six o'clock served by the women of Trinity Church, a delicious two-course dinner being served at prettily decorated tables.

The business session followed dinner, the reports of the officers and of the standing committees being heard. The names of four new members were submitted to the club, bringing the total membership of the club to sixty-one. The question of club rooms and a proposition submitted to the club by a business organization were considered but the matter was postponed to a future meeting.

Mrs. L. H. Finney, delegate from the Xenia Club, to the National Convention of Business and Professional Women's Clubs at Chattanooga, Tennessee, reading a well-prepared report of the session, touching on the different meetings of the departments of the clubs, and the speeches delivered before the assembly.

"Business men are beginning to learn that women are not entering business and professional circles to tear down or destroy what they have built up but are organized to cooperate and improve conditions," was one of the interesting statements of Miss Brogan in speaking of the program and success with which women are meeting in the business world.

Miss Brogan's talk concerned chiefly the work and organization of the ten Business and Professional Women's Clubs in Ohio, of which Xenia is one, and the methods adopted by these clubs in gaining members and financial backing. The Cincinnati club had effected, according to Miss Brogan, a splendid organization, and with the large sums of money earned through the efforts of the club members, the club had maintained two club houses, one in the city and a country home.

"Of all the fundamental needs in the club activities," said Miss Brogan, "I have chosen organization and publicity as the outstanding needs." She went on to say that a complete organization in each club with a business-like personnel is absolutely necessary to promote the success of the club, and that second to have the club established through pub-

licity in the newspapers and through the clubs activities is secondary in making up a worthwhile organization.

Miss Brogan gave a clear insight into the workings of the national and state organization, and the various departments and committees of the club that carry on the work in a systematized manner.

Miss Allegra Hawes, re-elected president of the club for its second year presided over the meeting and introduced Miss Brogan.

The program for the club year is now in the hands of the program committee and is to be submitted to the members at the October meeting.

### SAYS IF PIE WERE CUT IN FOUR PIECES THERE WOULD BE FEWER DIVORCES

Lima, O., Sept. 22.—Recipe for decrease in divorce cases has been found by Newton H. Whitis, of Continental, superintendent of the culinary department of the Putnam County Fair at Ottawa.

Whitis, who has reached the age of more than three score, says he speaks from experience. He declares that if the woman, young and old, would acquire the habit of cutting apple pie in four, instead of six pieces there would be fewer divorce cases.

Whitis is so partial to his belief that he inserted the line in bold faced type under the culinary department in the Putnam County Fair premium list. He says it should be heralded far and wide.

Whitis' wife is a cook of the old school. He marvels how men of the present age exist with poor cooks and with food, purchased at dearest stores.

Whitis says he hopes his advice will be a tip to October brides about getting into a man's heart through his stomach. He asserts the old adage is as true today as it ever was. Mrs. Whitis is assisting her husband in the agricultural hall at the fair.

She is in charge of the departments of baking, candy, apilary, canned goods, preserves, fruits, pickles, jellies and jams.

## ACHES AND PAINS VANISH ALMOST AS IF BY MAGIC; RHEUMATISM IS BANISHED DECLARES LOCAL MAN

Perhaps no man has done more good for Springfield than the Viora Man who is now demonstrating Viora Remedies at Sohn's drug store. As pleasing to note the vast number of people who daily call at Sohn's and tell how they have been relieved of various ailments.

Among the recent callers was Joe Welch, 514 York street, who told how he had been relieved of severe pains in his arms and limbs. Says Mr. Welch, "For ten weeks I had been in bad shape. My arms and legs pained me until I could hardly use them."

"I had a poor appetite and was restless at night. Sometimes I was in such misery I didn't know what to do. Finally I tried Viora and relief came almost over night, so to speak. I had only taken a few doses until I

felt better. The pains in my arms and limbs disappeared and then my appetite returned. I know my nerves are better because I can go to bed and sleep all night without waking up. Viora is a grand remedy."

People who are troubled with rheumatism should not fail to try Viora Rheumatic Remedy. You can rely on it. There is no one Viora Remedy made to relieve every ailment. On the contrary every ailment has a special remedy. These remedies are the result of years of experience.

If you don't feel right call at Sohn's Drug Store. See what Viora Remedies are doing for others. Try the one best suited for your ailment. The expense is small. The price is from 25c to \$1.00 with an iron clad guarantee backed by the Sohn Drug Store that every cent will be refunded if entire satisfaction is not obtained.

## Public Now Prefers Vegetable Laxatives

Dr. Caldwell's Syrup Pepsin affords prompt relief in a natural way

THE public is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards. As over 10 million bottles of Dr. Caldwell's Syrup Pepsin are sold a year, a large proportion of the people of this country must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood; coal-tar drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures", over-effective, weakening and gripping.

The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

#### ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. B. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. J. W. Burroughs of Little Rock, Ark., who finds it equally valuable for herself and the children, and Mr. Enas S. Costa of Watsonville, Cal., whose family uses it regularly. Try Dr. Caldwell's Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous-size bottle can be had at any drug store, and it costs only about a cent a dose!

## STATE PRESIDENT OF PROFESSIONAL CLUB GIVES TALK HERE

Members of the Xenia Business and Professional Women's Club, had the pleasure of meeting Miss Marian B. Brogan, of Cincinnati, state president of the Business and Professional Women's Club, at the first formal meeting of the club held this year, at Trinity M. E. Church, Thursday evening.

The program of the evening included a talk by Miss Brogan, who was well received by the club members, who wished to learn of the work of the clubs throughout the state.

The club members were invited for dinner at six o'clock served by the women of Trinity Church, a delicious two-course dinner being served at a prettily decorated tables.

The business session followed dinner, the reports of the officers and of the standing committees being heard. The names of four new members were submitted by the club bringing the total membership of the club to sixty-one. The question of club rooms and a proposition submitted to the club by a business organization were considered but the matter was postponed to a future meeting.

Mrs. L. H. Finney, delegate from the Xenia Club, to the National Convention of Business and Professional Women's Clubs at Chattanooga, Tennessee, reading a well-prepared report of the session, touching on the different meetings of the departments of the clubs, and the speeches delivered before the assembly.

"Business men are beginning to learn that women are not entering business and professional circles to tear down or destroy what they have built up but are organized to cooperate and improve conditions," was one of the interesting statements of Miss Brogan in speaking of the program and success with which women are meeting in the business world.

Miss Brogan's talk concerned chiefly the work and organization of the ten Business and Professional Women's Clubs in Ohio, of which Xenia is one, and the methods adopted by these clubs in gaining members and financial backing. The Cincinnati club had effected, according to Miss Brogan, a splendid organization, and with the large sums of money earned through the efforts of the club members, the club had maintained two club houses, one in the city and a country home.

"Of all the fundamental needs in the club activities," said Miss Brogan, "I have chosen organization and publicity as the outstanding needs." She went on to say that a complete organization in each club with a business-like personnel is absolutely necessary to promote the success of the club, and that second to have the club established through pub-

licity in the newspapers and through the clubs activities is secondary in making up a worthwhile organization.

Miss Brogan gave a clear insight into the workings of the national and state organization, and the various departments and committees of the club that carry on the work in a systematized manner.

Miss Allegra Hawes, re-elected president of the club for its second year presided over the meeting and introduced Miss Brogan.

The program for the club year is now in the hands of the program committee, and is to be submitted to the members at the October meeting.

### SAYS IF PIE WERE CUT IN FOUR PIECES THERE WOULD BE FEWER DIVORCES

Lima, O., Sept. 22.—Recipe for decrease in divorce cases has been found by Newton H. Whitis, of Continental, superintendent of the culinary department of the Putnam County Fair at Ottawa.

Whitis, who has reached the age of more than three score, says he speaks from experience. He declares that if the woman, young and old, would acquire the habit of cutting apple pie in four, instead of six pieces there would be fewer divorce cases.

Whitis is so partial to his belief that he inserted the line in bold faced type under the culinary department in the Putnam County Fair premium list. He says it should be heralded far and wide.

Whitis' wife is a cook of the old school. He marvels how men of the present age exist with poor cooks and with food, purchased at delicatessen stores.

Whitis says he hopes his advice will be a tip to October brides about getting into a man's heart through his stomach. He asserts the old adage is as true today as it ever was. Mrs. Whitis is assisting her husband in the agricultural hall at the fair.

She is in charge of the departments of baking, candy, apriary, canned goods, preserves, fruits, pickles, jellies and jams.

### TIGERS SEEK GAME

The Paintersville Tigers are anxious to book a game with either Yellow Springs or the Bayliff Electric of this city, soon. For games call Foy B. Hiney, manager, by Mutual telephone. The Tigers, with Wical, the Kitty League star, in the box, defeated Morrow last Sunday 12 to 0.

## Public Now Prefers Vegetable Laxatives

Dr. Caldwell's Syrup Pepsin affords prompt relief in a natural way

THE public is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards.

As over 10 million bottles of Dr. Caldwell's Syrup Pepsin are sold a year, a large proportion of the people of this country must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood; coal-tar drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures", over-effective, weakening and griping.

The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

### ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try Syrup Pepsin. I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. R. Caldwell, 515 Washington St., Monticello, Illinois. Do it now!

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. J. W. Borroughs of Little Rock, Ark., who finds it equally valuable for herself and the children, and Mr. Enas S. Costa of Watsonville, Cal., whose family uses it regularly. Try Dr. Caldwell's Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous-size bottle can be had at any drug store, and it costs only about a cent a dose!

### CYRUS E. SMITH, 64,

#### DIES THURSDAY IN DAYTON

Cyrus E. Smith, 64, died Thursday morning at 6:35 at the Miami Valley Hospital, Dayton. Surviving are his wife, Joanna, three daughters, Mrs. John Minnick, Mrs. John Foley and Mrs. G. W. Oxider, and one son, Charles Lefroy, of St. Louis, Mo.

Funeral services will be conducted Saturday afternoon at one thirty o'clock, at the residence, 90 Washington street, Dayton, with interment in Xenia.

## ADDRESSES FEATURE

### BAPTIST CONVENTION

Columbus, Sept. 22.—Today's program at the Baptist state stewardship conference here included the following addresses: "The Prayer aspect" and "achievements of the mission field," Mrs. Nathan R. Woods, Boston, representing the Women's Home Missionary Society; "Stewardship," and "how to keep mission fires burning," Miss Jessie Burrall, Columbia, Mo., leader in young people's work.

Sessions are being held at the first Baptist Church. About 100 Ohio Baptists, representing various sections of the state, are attending the conference.

### RESIGNATION REFUSED

London, Sept. 22.—Cardinal Gasparri has resigned as papal secretary of state but Pope Pius XI. refused to accept the resignation, according to Central News dispatches from Rome today. Cardinal Gasparri serve as secretary of state at the Vatican under the late Pope Benedict XV.

### OFFICERS INSTALLED

Columbus, Sept. 22.—Installation of officers marked the closing session of the 22nd biennial meeting of the United Ancient Order of Druids here today.

The newly chosen officials are: W. Schmidt, Paerson, N. J., junior past

supreme arch; William F. Durr, New Orleans, supreme arch; P. M. Gress, Toledo, deputy supreme arch; Chas. G. Geider, Indianapolis, supreme secretary; Henry Ackerman, Marion, supreme treasurer; Christ Massmuser, Toy, N. Y., supreme herald.

## KIDNEY AND BLADDER TROUBLES CONQUERED OR MONEY BACK

For 40 years,

## PARENTS URGED TO AID TEACHERS DURING THE YEAR

"The method of grading pupils in their school work in the Xenia City Schools is as follows: E—excellent, G—good, A—average, P—passing, F—failure," says Supt. of Schools C. A. Waltz. "The grade E is a merit grade and will be given only for a very high type of scholarship. A grade of G indicates a very satisfactory type of work while A indicates satisfactory work. P, or passing, is inferior and too many such marks will not be looked upon with favor by teachers. F, of course, is failure and earns no recognition."

Pupils' grade cards will be issued only bi-monthly on Wednesday, Nov. 8, Wednesday, Dec. 6, Wednesday, Feb. 7, Wednesday, April 4, and at the close of school Friday, May 25, according to the Superintendent.

Parents of pupils receiving grades below A will be notified in writing at any time by the teachers and such written notices should meet with immediate interest and inquiry by parents, says Mr. Waltz.

The former term "Effort" used on report cards has been replaced this year by "Attitude," which includes not only effort but also conduct in all its aspects. A pupil may therefore get a low mark in attitude because of unsatisfactory conduct and at the same time get high grades in the various subjects of instruction. A low "attitude" grade will react unfavorably upon a pupil's standing.

The pupils in each grade below the High School are grouped in sections known as A, B, and C on the basis of native intelligence and ability to do school work, says Mr. Waltz. The course of study is differentiated and pupils are taught separately in these groups. A pupil by diligent application and extra effort may move from the C group to the B group or even to the A group at the time such changes are regularly made which will be at the close of each two month period. Such a plan will act as a spur for securing the pupil's best efforts at all times.

It has been found by recent studies in school work that the pupils of any grade divide themselves into at least three groups. The pupils in each group are homogenous to a large degree in their native mental ability and learning capacity. This means that they can be more capably taught in such groups than has been the case in the past when 35 or 40 pupils or even more of dissimilar abilities were taught as one group. For this reason the plan has been adopted in the Xenia Schools by the superintendent, he says.

"Since successful school work is so largely dependent upon the proper physical condition and habits of the child, parents are earnestly asked to cooperate with teachers in the matter," says Supt. Waltz. "Pupils should be required to adopt a regular program for home work. Social engagements, such as parties, etc., should be limited to the week end. Pupils will be held rigidly to account for satisfactory school work by the teachers. Satisfactory grades must be earned and fairly. Of last year's failures in school work a considerable number might have been prevented had parents more carefully supervised pupils out of school time. Too many mid-week social affairs, parties, etc., had something to do with these failures. Pupils cannot be expected to do satisfactory school work and be on the streets until ten or eleven o'clock in the evening."

This year no school parties will be permitted by school authorities at any other time than the week end. If parents will do the same with out-of-school parties pupils grade cards will show the result, they say.

The following is the calendar for the present school year:

Thursday and Friday, November 23 and 24, Thanksgiving Recess.

Friday, December 22 to Tuesday, January 2, 1293, Christmas Vacation.

Thursday and Friday, January 18 and 19, First Semester Examinations.

Monday, January 22, Second Semester begins.

Thursday, February 22, Washington's Birthday.

Final Examinations in all grades above third Monday, Tuesday and Wednesday, May 21, 22 and 23.

## AMERICAN LEGION WILL STAGE FALL FESTIVAL DURING WEEK OF OCTOBER 2

"The American Legion Fall Festival" is the title given the week of entertainment to be staged by Joseph P. Foody Post, American Legion, as a result of a contract signed with the A. B. Miller Greater Shows Thursday night by the Post Executive Committee.

The Carnival will be presented here as the American Legion Fall Festival the week of October 2 to October 7, inclusive, and will possibly be staged at the Washington St. Ball Park, if satisfactory arrangements can be made with the management for the use of the park.

Five riding devices, and nine shows will feature the carnival and the week will be made more interesting by a contest to select the most popular girl in Greene County with handsome prizes for the winners. The Legion Post hopes to revive the spirit of the Fall Festival with this celebration and take the place of such an event on this year's program of events.

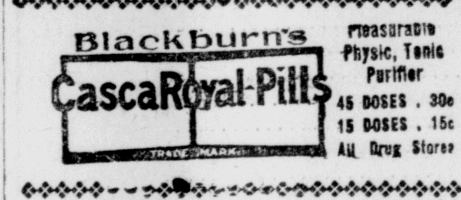

The Miller Greater Shows comprise one of the biggest carnival companies on the road, its stopping here being made necessary by railroad conditions as the company works its way south for the winter. Legion officials have been guaranteed that all the attractions of the company are clean and up-to-date, according to Commander Jacob Colp to whom many recommendations were shown.

Arrangements for the Festival will be carried on by a general festival committee appointed Thursday night, the work of which will be supplemented by subsidiary committees. The general committee is composed of the following chairman: William Gowdy, general chairman; Elbert L. Babb, chairman of advertising; Elmer Shaffer, chairman of finance; Homer Spahr, chairman of grounds; Bert Whitington, chairman of the popularity contest committee in Xenia City; Clarence Horen, chairman of lights and Harper C. Pender, chairman of publicity.

The "most popular girl contest" is

expected to attract considerable interest all over the county. The committee will work to have representatives in the contest from all communities in Greene County, so that there will be ample rivalry. The contestants will sell votes for their popularity during the Festival week, and the decisions will be made Saturday night, the closing night of the affair, by a committee of judges which will count the ballots. The girl receiving the highest number of votes will be awarded the first prize, a diamond ring; the winner of the second prize will be awarded a wrist watch, and the third prize winner will receive a pearl necklace. The value of the prizes to be awarded will be announced later, it is said.

Besides these awards to the popularity contest winners, the Legion will give away \$40 in cash at the windup of the Festival when the other prizes are announced.

"You look very happy, Nellie. Have you something to tell me?" "Indeed I have! The most wonderful thing in the world." Then with many blushes she told her story; told of how she had at first refused to listen because of the difference in their station; of her fears, and of his brushing them away like cobwebs. "I told him all about myself, everything, but he said nothing mattered save that we loved each other. Then he took me to buy my ring. Isn't it lovely?"

"Very dear, and I am very glad of your happiness." Yet the old lady's eyes were troubled. "I suppose you'll be leaving the office at once?"

"He, Mr. George, wanted me to. But I told him I should stay until I earned enough to buy some new clothes. I wouldn't take anything from him before—not money. And I won't get married until I have things so he won't be ashamed of me."

"I don't think from what you have told me of him he ever would be that, Nellie. But I admire your independence. He will respect you for it, I am sure. Will you tell the others?"

"No, I can't help it if they suspect—but I shan't tell anyone but you—and perhaps Donald. He'll be glad for me."

Would he? Mrs. Roberts wondered. She knew that of late he had been

more hopeful; that he was building air castles that when utterly demolished would cause him much sorrow. But she said nothing. Nellie now was beyond his reach.

For an hour Nellie chatted of her happiness, then tried with her emotions she crept off to bed, to sleep, and dream of her Mr. George, of diamond engagement rings, of a marriage ceremony.

And in Mrs. Roberts' room Donald came in late and hoping to find Nellie there, was having his hopes crushed. Mrs. Roberts told him of the engagement of Nellie's happiness. By and by he too went to his room but not to sleep. All night he sat by the window, fighting the sorrow that had come upon him, the destruction of his hopes. Nellie never must know—but how was he to bear it?

"He has wealth, position and everything! Why couldn't I have her?" he murmured. Yet when he saw Nellie it was in even, comradely terms he congratulated her; wished her all the happiness in the world.

"I knew you would be pleased," she said, blushing. "You and Mrs. Roberts are the only ones I shall tell here in the house. Of course I shall tell Cora and Gladys at once. But don't want Miss Pitt telling me—she should have asked her advice." And Nellie laughed heartily at the comment.
